For a complete and interactive experience, visit my website: https://wes9319.github.io
Professional extract: My knowledge is oriented to technological areas mainly software, electronics and networks. I have held various positions as a developer (web, mobile), designer, community manager, project manager, network administrator, IT support, among others. My greatest strengths are proactivity, availability, commitment to my work, ability to work under pressure and management of common and technical English.
